An Exploration into Linear Algebra

Yash Money, Imran Iftikar Idk man, I just work here

- 1 Basic Matrix Code
- 1.1 Matrix Multiplication
- 2 Representing Subspaces Pythonically
- 3 Representing Linear Mappings Pythonically
- 4 More Advanced Matrix Operations
- 4.1 Solving Homogeneous Matricies
- 4.2 Finding Eigenvalues and Eigenvectors Of A Matrix
- 4.3 Finding the Eiegendecomposition
- 4.4 Finding the Singular Value Decomposition
